Dear Lionel,

Re: Willow Farm Pub Restaurant, Cramlington

Just a short note to express my personal thanks to you and the team for the tremendous effort you have all made to ensure that the Electrical Installation works on the above development have been delivered in line with our quality and programme requirements.

I would like to put on record my appreciation of Jason's wholehearted efforts on site despite the challenging issue regarding later than expected watertightness of the building. Despite this and other challenges, he always remained totally positive and focused on the end goal of ensuring substantial completion by Monday 25th October.

I look forward to working with the S&L team again on forthcoming projects.

Yours sincerely,

Gary Douglas
